

Good morning,

The purpose of this email is to provide information about the Spring Standards of Learning (SOL) testing schedule.

In order to preserve instructional time and to provide ample time to prepare students for testing, the testing window has been intentionally placed as close to the end of the school year as possible. SOL testing will take place on June 1st, 2nd, 3rd and 7th, according to the attached schedule (which can also be found [HERE](#) on the PCPS website).

For June 1, 2, 3, and 7, students will attend as follows:

- **Poquoson Primary School (Grades PK - 2):** Students will attend school as normal.
- **Poquoson Elementary School (Grades 3 -5):** Students will attend for SOL testing and remain at school for the entire length of the school day.
- **Poquoson Middle School & Poquoson High School (Grades 6 - 12):** Students will **only** attend school on days they are scheduled to take an SOL test and will leave when testing is completed.

PCPS will provide transportation as normal for PPS and PES on these dates, and for any secondary students who will attend for testing. Additional details regarding SOL testing will be shared with families in May. Questions regarding SOL testing may be addressed to the School Based Testing Coordinator or the PCPS Director of Accountability.
